- Offensive chemical odors
- Damage to our environment
- Damage to Spa

SWIM IN BOTTLED WATER

The ECOsmarte® Chemical Free Spa System is an effective low cost solution. The system uses copper ionization, which has a faster and longer kill rate than chlorine or bromine. Just select the ionize button on your control box for 10 minutes to 2 hours each week depending on the size of your spa . Natural oxygen is delivered to your spa at a rate ten times greater than ozone whenever the pump runs.

ECOsmarte® takes a proven technology one step further, completely eliminating the need for sanitation chemicals or for adding toxic staining silver to your water. ECOsmarte's technology is superior to chemical treatment and more effective than any other alternative methods available. ECOsmarte® has become a market leader in agricultural and [well water treatment](#) using no salt or chemicals, as well as the leading developer for advanced pool purification products and [rooftop cooling systems](#).

All of ECOsmarte's Spa products are easy to install and come with complete documentation. They are backed up by ECOsmarte's 60 day money back guarantee* and 5 year factory warranty.

Signature Spa Service

No Chemical Spa Treatment System

Consider that you will spend \$300-\$400 per year maintaining a chemically sanitized spa not to mention what your time is worth. At \$1395 for an ECOsmarte system, the system will pay for itself in approximately 4 years just in chemical costs alone. Factor in that you will no longer be soaking in chemicals and the benefits that provides in both safety and time saved in maintenance and you will see how much \$ense it makes to switch to ECOsmarte. Also included in the price is installation of the system which will virtually automate its operation which essentially eliminates your time spent maintaining the spa with the exception of cleaning the filters and possibly adjusting the Ph.

Also if you are concerned about the environment you will be extremely pleased that the ECOsmarte system is totally "green" in its operation.

All of ECOsmarte's pool products are easy to install and come with complete documentation. They are backed up by ECOsmarte's 60 day money back guarantee* and 5 year factory warranty. The Spa owners guide will instruct you or your service personnel on the exact method to achieve the most beautiful silky water you have ever experienced. You will never swim in chlorinated/brominated water again once you have discovered the state-of-the-art, halogen-free spa.

If you are interested in converting to an ECOsmarte system and soaking in "bottled water" instead of chemically treated water, give us a call an we can answer any questions you may have.

Cost is **\$1395** and includes installation of the system, timer, copper testing kit, 5 year warranty, and 6 months of toll-free support directly from ECOsmarte.

*60 day money back guarantee is for cost of system only. Installation of the system is \$129 and is non-refundable. If you are dissatisfied with the product we will uninstall and refund \$1266 (\$1395-\$129).
